

Smart Contract Security Audit

**DALMATA COIN**

**ECOSYSTEM**

RUNNER PRO

## Audit Details

Project Name: RUNNER PRO

Website: <https://runnerpro.club>

Platform: Binance Smart Chain

Type of Token: BEP20

Languages: Solidity (Smart contract)

Platforms and Tools: Remix IDE, Truffle, Truffle Team, Ganache, Solhint, VScode, Mythril, Contract Library

Smart contracts do not contain any high severity issues.

Note:

Please check the disclaimer above and note, the audit makes no statements or warranties on business model, investment attractiveness or code sustainability. The report is provided for the only contract mentioned in the report

Manual Audit:

For this section the code was tested/read line by line by our developers. We also used Remix IDE's JavaScript VM and Kovan networks to test the contract functionality.

DALMATA COIN ECOSYSTEM received the application for a smart contract security audit of RUNNER PRO on October 14, 2022. The following are the details and results of this smart contract security audit:

Token Name: RUNNER PRO

Contract address: 0x441B67a3c66bcD999E218Ab6686F510C341443aa

Link Address: <https://bscscan.com/address/0x441B67a3c66bcD999E218Ab6686F510C341443aa>

Audit Result: **Passed**

Ownership: **Not renounced**

(As this in the result in number 7:)

Audit Number: DCE0003

Audit Date: October 13, 2022

Audit Team: DALMATA COIN ECOSYSTEM

## Automated Audit

Remix Compiler Warnings

It throws warnings by Solidity's compiler. If it encounters any errors the contract cannot be compiled and deployed. No issues found.

## Security

Identifying security related issues within each contract and the system of contract.

## Result of all audit tests:

- 1: Owner can create new tokens..... : **Not**
- 2: Owner can blacklist address..... : **Not**
- 3: Owner can transfer property..... : **Not**
- 4: Owner may waive property..... : **Not**
- 5: Owner can change rate above 25%..... : **Not**
- 6: Owner can pause sales..... : **Not**
- 7: Contract is waived to property..... : **Not**
